Forecast for Sunday 04 Jun 2023

Weather: Areas of low cloud across the area at first, this gradually burning off through this morning. Otherwise it will be a dry day with some spells of strong sunshine although some cloud may linger across the Angus hills and southern Cairngorms into the afternoon.

Chance of cloud-free hill tops above 800m: 60% this morning, best chance in the southwest of the area. Cloud mostly above the tops in the afternoon

Low Cloud and visibility: Poor in any low cloud down to 200 metres at first, this mostly dispersing through the morning. Otherwise very good visibility and good air clarity with cloud above the summits in the afternoon. However some cloud down to 700 metres may linger across the Angus hills and southern Cairngorms in the afternoon.
